

## ***Light Sensitive 2015***

*Exhibition Dates: March 7 - April 18, 2015*

*Opening Reception: Saturday, March 7, 6 - 8pm*

Art Intersection presents our fourth annual *Light Sensitive* exhibition, with guest juror Robert Hirsch – artist, curator, and author.

*Light Sensitive*, our signature juried exhibition, celebrates the art of creating handmade images using traditional photographic print making processes. Work this year comes from national and international artists and includes c-prints, platinum/palladium, cyanotype, gelatin silver, gum bichromate, wet plate collodion tintypes, and many other printing processes.

The Art Intersection curatorial staff will select three artists from *Light Sensitive* to show additional work during an exhibition running from December 2015 to January 2016.

## **Wynn Bullock in Ryan Gallery**

We are pleased to exhibit the iconic work of Ryan Gallery artist, Wynn Bullock, which will be on view in Ryan Gallery through March 2015.

Throughout the 1950s, Bullock devoted himself to developing his own vision, establishing deep, direct connections with nature. His inclusion in the historic 1955 *Family of Man* exhibition at the Museum of Modern Art catapulted him into the public spotlight. By the end of that decade, his work was being featured in many exhibitions and publications worldwide.

Enjoy *Color Abstractions* and some of his cherished images *Let There Be Light* and *Child in Forest*, which makes Bullock one of the most beloved figures of West Coast photography today.
